

Advanced Polymer Sealing System

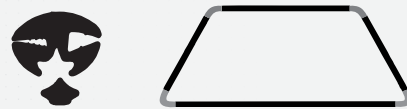

APS COMPANY LIMITED

Head Office : 770 Moo 6 Teparak Road,
Teparak, Muang, Samutprakarn 10270 Thailand.

CAR APPLICATION

Windscreen Rubber
EPDM Extrusion with
Moulded Corner or Spliced Endless

Windshield Moulding
PVC Extrusion with or
without Moulded Jointing

Sunroof Seal
EPDM Solid with Moulded Jointing

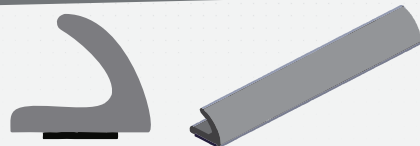

Glass Run Channel
EPDM Extrusion with
Nylon Flocked or PU Slip Coating

Windshield Washer Hose
EPDM Solid Extrusion

Cowl Seal Front Cover
EPDM Solid Extrusion with
Adhesive Tape or Clip

Protector Tube
EPDM Sponge

Pinchweld Door Rubber
EPDM Co-Extruded with Metal Insert

PVC Pinchweld (PVC Edge Trim)
PVC Extrusion with Metal Insert

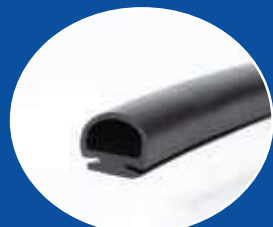

Trunk Lid Seal / Tailgate Seal
EPDM Co-Extruded with
Metal Insert

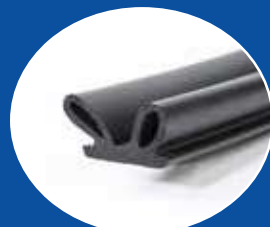

Door Weatherstrip Rubber
EPDM Sponge with Clips

PRODUCT RANGE

EPDM Solid

EPDM Sponge

EPDM Co-Extruded Hard/Soft

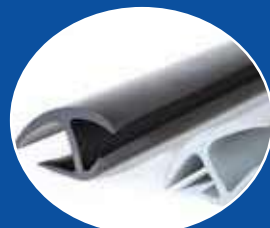

EPDM Co-Extruded with Metal Insert

EPDM Sponge with Adhesive Tape

EPDM Flocked

PVC Extrusion

PVC Extrusion with Metal Insert

Corner Jointing

End Moulding

Special Moulding

MOULDING

OTHER APPLICATION

Deck Cover

Canopy

Bus

Special Purpose Vehicle

Construction

Freight Container

Industrial

Agriculture

Forklift

Cargo Truck

Automotive Replacement Glass

Building Profiles

APS Company Limited

A subsidiary of Aeroflex Co., Ltd. with a headquarters in Bangkok and a manufacturing plant in Rayong. Fully supported by experienced teams in rubber and plastic profile production from Aeroflex Co., Ltd. and a polymer testing laboratory, EPG Innovation Center, APS offers a variety of high-quality rubber profiles & weather strips from EPDM, CR, TPE, PVC, and other polymers.

Supporting Units

Aeroflex Co., Ltd.

With experience over decades since 1978, is now a world leader in the manufacturing of EPDM rubber based closed-cell light weight elastomeric thermal insulation with multiple manufacturing operations in USA, China, India, Russia and Thailand.

Eastern Polymer Group PLC (EPG)

A listed public company that emphasizes on the investment in innovative polymer product manufacturing businesses such as Aeroflex, EPG Innovation Center, Automotive & Accessories business, Plastic Packaging business, Joint Ventures, and other supporting businesses.

EPG Innovation Center Co., Ltd.

A subsidiary of EPG established to provide R&D, testing, and material analysis services for products involving polymers, metals, ceramics with the latest technology and equipment, procedures and experienced experts.
